

Mission to Leipzig

5th Networking and Learning Event for
Clusters, SMEs & other scale-up
organizations

SmartCTClusters

8th June – 10th June 2022

Draft Programme

Dear Sir/Madam,

SmartCTClusters invites you to participate in its **5th Networking and Learning Event for Clusters, SMEs and scale-up organizations**. Hosted by the Netzwerk Energie und Umwelt (Network Energy and Environment), the exchange programme aims to bring together companies and stakeholders working on or interested in the Smart City topic particularly in areas related to its Mobility, ICT, Energy and Sustainability pillars. The programme will start in the morning of the 8th of June and will finalize in the afternoon of the 10th of June.

The exchange will consist of a set of meetings, round tables, and visits to different topic related agents of Netzwerk Energie und Umwelt's ecosystem to favour networking, experiences, and knowledge sharing.

The exchange will be organized coinciding with the Forum "[Smart Cities, Smart Regions](#)" hosted by the State Ministry for Regional Development. It is taking place on the 8th and 9th of April in Leipzig where European cities meet to debate on smart city projects and challenges. The full draft calendar of the programme is included in the following pages. If you are interested [REGISTER HERE](#) and we will get in touch with you for further information.

The SmartCTClusters project offers a travel costs reimbursement up to 415 € for participants under the following eligibility criteria:

- If you are a cluster profiled on ECCP or similar business network organisations
- If you are a scaling-up support organisation (technology centre, research institute, fab-lab, resource-efficiency service provider, [digital] innovation hub, creative hub, incubator or accelerator) that is a cluster member profiled on ECCP or
- If you are a small and medium-sized enterprise (SME) that is a cluster member profiled on ECCP

Eligible participants must be from countries participating in the COSME programme of the European Union. These countries include all European Union Member States and other third countries, as has been listed at: <https://ec.europa.eu/docsroom/documents/39579>

We look forward to seeing You!

Kind regards,

The SmartCTClusters' Team
